September 22, 2023

## PICTURES FOR FAMILY Portal

For safety purposes, we are asking families to submit pictures of everyone on your emergency contact list. Send picture to office@tlsgi.org

Praying Parents is a group of parents that get together to pray for our students, staff, school, etc. this group will be meeting at approximately 8:05am in the Teachers Lounge. Everyone is welcome.

2023-2024

Oct. 3rd, 17th, & 31st Dec 12th

Schools in Nebraska have been providing health screening for over 100 years to ensure that students do not have a health condition that could impair their ability to learn. Trinity follows the guidelines for school health screening as outlined by Nebraska DHHS Title 173 Chapter 7. Screening will be starting soon and working up through each grade level. Following this pattern keeps the screenings near the one year mark between them. Only abnormal findings are reported to the parent by mail via a

letter outlining what referrals are being made for follow up with your personal health care provider. Screening may also be done on an individual basis if a concern is identified anytime during the school year.

Screening will start next week Betty Seim, RN School Nurse

Thank you for your continued generosity!! To date we have collected \$441.24 for Emmanuel Lutheran Maui. We will continue collecting throughout the month of September.
