Sports & School

PHYSICALS AND IMMUNIZATIONS

7th Grade: All 7th grade students are to have a physical and an updated immunization record submitted with a Tdap booster. Records may be faxed in from the doctor's office to 308-389-2418. This physical is also used as the sports physical.

All students participating in Tiger athletics this year need to have a sports physical on file. Please have these completed by the first practice.

Kindergarten students need to have a physical including eye evaluation, immunization record, and copy of the State Issued birth certificate. We are missing quite a few birth certificates. Please take action to get a copy to the school.
